H. Good.

J. K. Huddle on behalf of the committee submitted the following report, which, on motion, was unanimously adopted:

EEPORT.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of allments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the working of the Liver. It has been successfully proved that Grein's August Flower is unequalied in curing all persons afflicted with Dyspepsia or Liver Compilaint and all the numerous symptoms that result
